## MONDAY - English

### Spelling

- Sound of the week “wh” and “th as in the”.
- Watch the following video to practice your sounds.  
<https://www.youtube.com/embed/yM3dMF-Bxuk>
- Watch video on wh sound <https://youtu.be/TBA-R3Sx1Pc>
- During the zoom session we will go over the sounds for this week. (Together write down words with the sounds on whiteboard or paper.)
- Complete the wh worksheet.

### Reading and Writing

- **Sentence of the Day – write a sentence about what makes you happy.**
- Monday recount – Write a recount about last week (Book Week). What was your favourite part? What was your favourite book? Write this in your workbook. Draw a picture to go with your recount.
- Complete the adjectives worksheet on ‘The Rainbow Fish’.
- Complete the handwriting activities on star words.

## MONDAY - Mathematics

- Complete the colour by number 100s chart. Colour each number the correct colour to reveal the mystery picture.
- Watch the video on fractions <https://youtu.be/362JVvvgYPE>
- Draw some shapes on coloured paper and cut them into halves or quarters. Then glue them into your workbook to show the fractions. Try writing down the fraction for each shape.
- Spend some time on Mathletics completing the assigned activities for this week.

## MONDAY – Science

- In science today we are looking at the life cycle of an apple.
- You will get to look at the inside of an apple today and then create your own apple using the cardboard template.

# Exploring the Inside of an Apple

## Materials for Apple Science

- **A variety of apples or one apple**
- **Knife**
- **Crayons or markers**
- **Scissors**
- **Apple cut out booklet (provided in pack)**

## Directions for Apple Science

1. Place an assortment of apples out for children to explore. Talk about how the apples feel and look.
2. Colour the front of the apple page to look like their favourite kind of apple!
3. Fold the sheet in half along the dotted line.
4. Cut out the apple shape, **being sure to leave a small segment of the folded edge intact** so the apples don't come apart.
5. Now you have an apple booklet!
6. Make a prediction about what you will find inside the apples once they are cut in half.
7. Have an adult cut the apple in half and observe what's inside. (You will find the core, seed chambers, and seeds.)
8. Record observations inside their apple booklet.
9. Write a few sentences describing what you see.

Reader – ‘Jen’s Best Gift Ever’ <https://portal.flyleafpublishing.com/wp-content/uploads/books/18-Jens-Best-Gift-Companion/mobile/index.html#p=1>

Read and Think

Read the text. Then answer the questions.

It is six o'clock and the sun is just up.

Jen lifts back her quilt and jumps from bed.

She runs to the calendar next to her desk. At last, it is Jen's birthday!

"I am seven-seven, seven, seven," she sings as she runs to tell Mom and Dad.

1. What time of day is it?

---

2. How do you know it is Jen's birthday?

---

3. What does Jen do when she realizes it is her birthday?

---

"Happy Birthday, Jen," sing Mom and Dad and Jen's sister Emma.

They tell her to lift the lid from the box.

She lifts the lid... In the box, snug in a soft blanket, is a black kitten.

1. Who is the gift from?

---

2. What is a lid?

---

3. What is Jen's gift?

---

Write the following sentence and draw a picture in your workbook:

In the box, snug in a soft blanket, is a black kitten.

## Lesson 8 – Walking to School

Students will explore where, when and why they hold a grown-up's hand to keep safe when walking to school.

Activity 1 - Look at the pictures below of our school crossing and kiss n drop zone.

Discuss the following questions with your parent, care-giver or teacher.

1. What are some of the dangers to you when you're arriving at or leaving school?
2. How do you keep safe while you're walking?
3. Whose hand do you hold?
4. Who do you walk with?
5. What if their hand isn't available for you to hold?
6. Where do you cross the road? Why do you cross there?
7. Where do you walk to keep safe away from vehicles and why?

**Activity 2** - Create an artwork and write a description of yourself walking safely to school holding hands with a grown up.

*I Hold hands with \_\_\_\_\_ on  
the way to school. (a grown-up, mum, grandpa,  
aunty).*

### Activity 3 – PE Activity Using different throws

How can we solve problems when moving?

What you will need:

- Help from a parent
- A soft object to throw (for example, soft ball, pair of socks, soft toy, scrunched-up paper)
- An object or landmark to create a target for the object to hit (for example, bucket, a long piece of string laid in a circle, an 'X' formed by two pieces of tape/material, a t-shirt laid on the ground, a chair/bench, a wall, a tree)

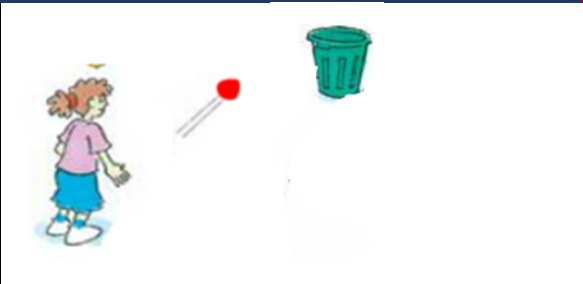

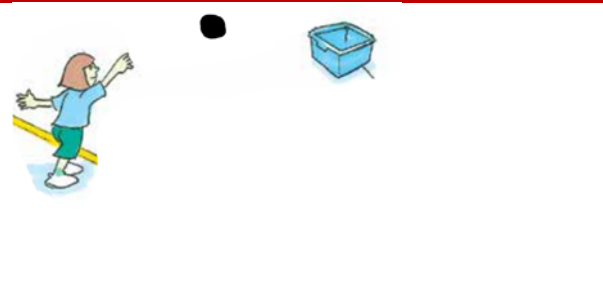

You will:

- trial a number of techniques when throwing an object towards a target
- describe your body position when performing different throws.

#### Activity – Throwing with a Step or no step!

- Create a target that you can safely throw a soft object towards. Choose a 'starting point' where you will throw the object from.
- Discuss with your teacher/parent/caregiver what contributed to a successful throw in the activities you completed in previous weeks (Using three different types of throws – overarm, 1-handed underarm and 2-handed underarm).
- Throw the object towards the target. You should aim to hit the target. Pick up the object from where it landed and throw the object again until the target has been hit.
- Repeat the challenge 5 times for each type of throw attempting to hit the target in a fewer number of throws.

Table 1 Step or no step examples

Step or no step examples	
	

Record how many throws it took to hit the target in the table below.

Step or no step	Attempt 1	Attempt 2	Attempt 3	Attempt 4	Attempt 5
Stand and throw					
Step and throw					

Discuss the following reflective questions with your teacher or parent/caregiver.

- What type of throw was successful? Why?
- What type of throw was unsuccessful? Why?
- Which type of throw was most comfortable for you to perform? Why?
- Describe why you might choose to step and throw?
- Why would a step help you when you throw?

**Let's make it harder!!**

Now move the target or the starting line so you must throw the object a **different distance**.

Repeat the challenge 5 times for each type of throw attempting to hit the target in a fewer number of throws.

Record your results in the table below.

Step or no step	Attempt 1	Attempt 2	Attempt 3	Attempt 4	Attempt 5

Discuss the following reflective questions with your teacher or parent/caregiver.

- What type of throw was successful? Why?
- What type of throw was unsuccessful? Why?

Listen to the story the story

"Does A Kangaroo Have A Mother, Too?" by Eric Carle.

[https://www.youtube.com/embed/\\_la-o5auyuY](https://www.youtube.com/embed/_la-o5auyuY)

Which animals were named in the book? How many can you remember?

Follow the instructions carefully to make a Kangaroo puppet set.

### Kangaroo puppets set: Mother and Joey

What you'll need:

- Puppet printout
- Recycled cardboard cereal packet or box for the diorama
- Scissors
- Blue tack/sticky tape
- Glue stick
- Extra coloured paper to decorate the box (if you want to)

### Mother and Joey Kangaroo Puppet Instructions

1. Cut the cereal packet/box until you have a diorama set up. So, you'll need three sides and one bottom.

2. Glue the printable onto the rectangular side of the cereal packet you cut off.

3. Once the glue is dry, cut out the kangaroos and surrounding terrain. Cut along the line of the mother kangaroo's pouch too. You can slip the joey in and out of the mother's pouch during play.

4. Fold over the flaps on the bottom of each item. These should allow the figures to stand up, but you can use a little bit of blue tack or sticky tape to make it more secure.

Choose the correct word for each sentence.

## Crocodile Measuring Activity

Cut out the 10 Crocodiles below and then stick the crocodiles from shortest to longest on another sheet of paper.

# Apple Orchard Spot the Difference

There are six differences in the pictures below – can you find them?

## Colour In Lizzie

Lizzie is the mascot of the Australian Paralympic Team. Lizzie is tenacious, proud and limitless in what she can achieve. This means she is a determined goal setter and fierce competitor. She's proud to be the mascot of the Australian Paralympic Team and always strives to inspire and excite the athletes.

Her favourite food is bugs – the bigger they are, the louder they crunch! Her favourite colour is red because it is the colour of the Australian land. She hates bad frill days but loves wheelchair rugby – the sport of true frill seekers!

A great mate to all, Lizzie is funny, friendly and very cheeky. Turn over and make Lizzie shine by colouring her in.

# Non-screen activities you can do at home

Pobble

25  
ideas!

What can you do when there's no school and you're stuck at home? Here are 25 fun ideas to choose from.

**1** How many different words can you make from the letters in this sentence, below? Grab a pencil and paper and write a list!

'Learning from home is fun'

**2** Thank a community hero. Think of someone that helps you in some way and write a short letter to thank them.

Thanks!

**3** Get building! You could build a Lego model, a tower of playing cards or something else!

**4** Can you create your own secret code? You could use letters, numbers, pictures or something else! Can you get someone else to try and crack it?

**5** Start a nature diary. Look out of the window each day and keep note of what you see. Birds, flowers, changes in the weather, what else?

**6** Hold a photo session. Use a camera or a mobile phone to take some snaps. What will you photograph? Your pets or toys perhaps?

**7** Build a reading den. Find somewhere cosy, snuggle up and read your favourite book!

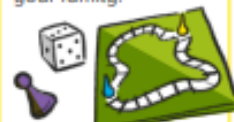

**8** Use an old sock to create a puppet. Can you put on a puppet show for someone?

**9** Make a list of all the electrical items in each room of your home. Can you come up with any ideas to use less electricity?

**10** Design and make a homemade board game and play it with your family.

**11** Do something kind for someone. Can you pay them a compliment, make them something or help them with a task?

**12** Can you create a story bag? Find a bag and collect items to go in it that relate to a well known story. If you can't find an item, you could draw a picture to include.

**13** List making! Write a list of things that make you happy, things you're grateful for or things you are good at.

**14** Design and make an obstacle course at home or in the garden. How fast can you complete it?

**15** Can you invent something new? Perhaps a gadget or something to help people? Draw a picture or write a description.

**16** Keep moving! Make up a dance routine to your favourite song.

**17** Write a play script. Can you act it out to other people?

**18** Read out loud to someone. Remember to read with expression.

**19** Write a song or rap about your favourite subject.

**20** Get sketching! Find a photograph or picture of a person, place or object and sketch it.

**21** Junk modelling! Collect and recycle materials such as yoghurt pots, toilet rolls and boxes and see what you can create with them.

**22** Draw a map of your local area and highlight interesting landmarks.

**23** Write a postcard to your teacher. Can you tell them what you like most about their class?

**24** Draw a view. Look out of your window and draw what you see.

**25** Get reading! What would you most like to learn about? Can you find out more about it in books? Can you find a new hobby?
