1F Zoom Classes WEEK 1 TERM 42021

The Zoom meeting ID and passwords for this week are:

| Class | Zoom Meeting ID |  |  | Zoom Meeting Password |  |
| :--- | :--- | :--- | :--- | :--- | :---: |
| 1 F | Morning am | Afternoon pm | Morning am | Afternoon pm |  |

Each class will have a Zoom class in the morning and another, with different content, in the afternoon. Each session will be approximately $30-45$ minutes as indicated. Students are expected to attend both the morning and afternoon session each day. The video conference room is like a classroom, and the same school behaviour and discipline policies apply to this environment. Students need to access Zoom via https://nsweducation.zoom.us/ and are required to use their DoE student portal login to gain access. The DoE user ID and DoE password will be the same as last term.

Tuesday 5 October, Wednesday 6 October, Thursday 7 October and Friday 8 October

## TUESDAY - Mathematics

## Minute Maths

If 10 is the answer, what could the question be? There are many questions we could ask where the answer will be 10. How many can you come up with? Here are some below:
double $5=10 \quad 30$ shared between $3=10 \quad$ a quarter of $40=10$
$16-6=10$
5 groups of $2=10$
half of $\mathbf{2 0}=10$

Now try with a different number below: Try and write as many questions to make the number as possible!

Level 1: The answer is 15. What are the questions?

Level 2: The answer is 65 . What are the questions?

Level 3: The answer is 350 . What are the questions?

## Number and Algebra - Must Do

## TUESDAY - Art

## Line Art

Line is one of the most important elements of art. In this lesson we are using line to design! Find two different sized papers that are also different colours.

Using a ruler, divide the paper up as I have done below. Make sure you take a photo of this because you will need it!

Now cut along the back lines and place the pieces of paper onto the larger page. When they are all in the correct position stick each piece onto the larger piece of paper leaving a space in between.

Once you have done that take a thick black marker and begin to use line to create pattern and repetition. Keep going until all the areas are filled with different line.

You may like to add colour too. Here are some others I have completed. Have fun.

## WEDNESDAY - English

## Spelling

## Must do:

## WEDNESDAY - Mathematics

## Minute Maths

How did you go with minute maths yesterday? We are doing the same activity today but with different numbers. Try and come up with 1 or 2 more questions than yesterday to make your number!

Level 1: The answer is 20 . What are the questions?

Level 2: The answer is 90 . What are the questions?

Level 3: The answer is 460. What are the questions?

## Number and Algebra - Must Do

Rounding numbers means: which number is this number closest to? We round numbers because it helps us to estimate. If we are trying to figure out which 10s number is closest, we can place it on a number line to help. We need to look carefully at the number that is in the ones place to help us.

## Rounding Number Line

If we want to round 12 to the nearest 10 s number (10, 20 or 30 ), we can see that 12 is closer to 10 than it is to 20 . It would round DOWN to 10.

If we want to round 16 to the nearest 10 s number, we can see that 16 is closer to 20 . It would round UP to 20.

15 will always round UP even though it is halfway between 10 and 20. You need to look at the number in the ones place to figure out how to round it. If the number has a $0,1,2,3$ or 4 , in the ones place, you must round down. If it has a $5,6,7,8,9$ in the ones place, you must round up.

Round these numbers to the nearest 10 s number. Use the number line and the number in the ones place to help you.

3 rounded to the nearest 10 is: $\qquad$ .

14 rounded to the nearest 10 is: $\qquad$ .

26 rounded to the nearest 10 is: $\qquad$ .

46 rounded to the nearest 10 is: $\qquad$ .

## Superhero Themed Rounding to 10

Round the numbers below to the nearest 10. The first one has been done for you.

Level 2: We can also round to the nearest 100s number. This time instead of looking at the number in the ones place, we need to look at the number in the tens place to work it out. On this number line, the numbers are going up in 10 s .

If we want to round 140 to the nearest 100 s number ( 100,200 or 300 ), we can see that 140 is closer to 100 than it is to 200 . It would round DOWN to 100 . Also, the number in the tens place is 4 , so we always round 4 or less down.

If we want to round 160 to the nearest 100 s number, we can see that 160 is closer to 200 . It would round UP to 200 . Also, the number in the tens place is 6 , so we always round 5 or more up.

120 rounded to the nearest 100 is: $\qquad$ .

270 rounded to the nearest 100 is: $\qquad$ .
200

320 rounded to the nearest 100 is: $\qquad$ .

650 rounded to the nearest 100 is: $\qquad$ .

890 rounded to the nearest 100 is: $\qquad$ .

Challenge: Round these to the nearest hundred. Remember: look at the number in the tens place to figure it out.

## Similes are used in poetry to make them interesting. They help the reader

 understand the poem better and visualise it in their mind.Learn about similes https://www.youtube.com/embed/ROmKMtLWY14

A simile uses the words 'like' or'as' to compare one object or idea with another to suggest they are alike.

Neil ran as fast as lightning.

Put a circle around the correct word.

1. The boy ran as quick as a slug/fox.
2. The coins shone as brightly as the sun/watch.
3. Jessie swam as smoothly as a sheep/fish.
4. The giant laughed as loud as whispers/thunder.
5. The bells tinkled like giants/fairies laughing.
6. The man was as tall as a cat/house.
7. The baby was as quiet as a mouse/dog.
8. The boy on the skateboard whizzed by like a rocket/snail.

# THURSDAY - PDHPE 

## PDHPE Team Games <br> Week 1 - My Favourite Team

## Activity 1 - Team work - Human Knot Challenge

You will need help from your family or siblings at home.
Human Knot: In a group of up to 8, stand in a circle, close your eyes and hold someone else's hand (not
the person next to you). Do the same with your other hand. Open your eyes and try to undo the knot you've created without dropping hands! Think about how you might need to move your body and direct others.
Remember to talk to each other and try to untangle the knot.
When you're working as a team it's important that everyone involved wants to reach the same goal and can listen to each other.

Discuss with your parent, care-giver or teacher what would happen if teams didn't listen to each other? Write your answer below.

Activity 2 - Research your favourite sporting team.
Now it's time to research your favourite sporting team. It could be a Netball, Basketball, NRL, AFL, Soccer or cricket team.

> Activity 3 - PE Activity - Alphabet Exercise and Movement Challenge
> Write down your first and last name below

Now look at the sheets on the next page and look up what each letter is and write down the corresponding exercise. Then complete the movements when you have all the exercises down.

For example: Jane Deck

$$
\begin{array}{ll}
J=\text { jump from side to side over a line } & D=\text { downward dog } \\
A=\text { arm circles } & E=\text { egg roll } \\
N=\text { Ninja pose } & C=\text { crunches } \\
E=\text { egg roll } & K=\text { kneeling up-downs }
\end{array}
$$

## Alphabet Exercise and Movement

Get moving and have some fun spelling out your name. Complete the exercise or movement associated with each letter.

## FRIDAY - English

## Spelling

## Must do:

- Using the table in Monday's spelling, practise your spelling words.

Remember to look, say, cover, write, check and correct each word.

- Have a family member test you on your spelling words. How did you go?

Can do:

## Story rime

Write a story using as many words as you can. Underline each of your spelling words.

The elephant packed its trunk and said goodbye to the circus.

## Reading

## Onomatopoeia- What is it?

Lots of poets use onomatopoeia to help the reader really understand the poem.
The poet uses sound words to help the readers 'hear' the sounds of the poem. Listen to the song about onomatopoeia and read all these cool words. Then complete the tasks.

https://www.youtube.com/embed/FBQCgio1QTU

Colour the sound words.

## (0) On@OBpocto: Sound Words

Onomatopoeia is the use of a word or phrase that imitates the sound of something.
Example: sizzle. I heard the bacon sizzle in the pan.
Sizzle is a word that sounds like the bacon frying in the pan.
Each of the words in the word bank is an onomatopoeia. Complete each sentence by writing a word from the word bank in the blank. Use each word only once.

1. The cat's $\qquad$ told me it was happy.
2. Jake made a big $\qquad$ when he jumped into the swimming pool.
3. The duck will $\qquad$ if it is hungry.
4. I laid in bed and listened to the thunder $\qquad$ .
5. Suddenly she heard the $\qquad$ of a snake.
6. The lonesome $\qquad$ of the coyotes echoed through the hills.
7. My ice cream cone went $\qquad$ onto the sidewalk.
8. The $\qquad$ of the owl told him someone was coming.

## Exploring Onomatopocia

## Onomatopeia is a word that imitates the sound of the object or action <br> it refers to. Explore the onomatopoeia in the poems The Noisy House, <br> Pancakes and Raindrops. List the onomatopoeic words in each poem in the table below.

| $\begin{aligned} & \text { ㅡㅡㄹ } \\ & \text { 흔 } \end{aligned}$ |  |

## Challenge

## Onomatopoeia

Read the description below and write an onomatopoeia for each one.

| getting a paper cut |  |
| :--- | :--- |
| door slamming |  |
| a fire engine |  |
| sneezing |  |
| cow on a farm |  |
| kids playing games |  |
| tearing paper |  |
| a chick |  |
| a horse galloping |  |
| drinking water | ding dong |
| strong winds |  |
| football in a net | doorbell |

# Rhyming Poems 

## A rhyming poem includes words that rhyme, usually at the end of the line.

## The Bat

There once was a bat,
Living in my brother's hat.
My mum ran in fear,
Which made my brother cheer.
It finally flew away,
But not until May.

## Imagine

Imagine a pig,
In a purple wig.
Imagine a car, In the shape of a star.

Imagine a bear, Wearing pink underwear.

Imagine a fox,
Wearing pink fluffy socks.
Imagine a shoe, That always stayed new. Just imagine!

## I Have A Little Frog

I have a little frog
His name is Tiny Tim.
I put him in the bathtub,
To see if he could swim.
He drank up all the water,
He gobbled up the soap.
And when he tried to talk, He had a bubble in his throat.

## Imagine

Imagine a snail,
As big as a $\qquad$ .

Imagine a bee,
As big as a $\qquad$ .

Imagine a toad,
As long as a $\qquad$ .

Imagine a hare,
As big as a $\qquad$ .

Imagine a goat,
As long as a $\qquad$ .

And imagine a flea,
The same size as $\qquad$ !

Create your own rhyming poem below.
Don't forget to illustrate it!

## Ballad

## A rhythmic poem that tells a story. Ballads are often used in songs.

Ballads will sometimes use rhyming words to help create the rhythm of the poem.
Let's fly to the moon, Just before noon. Our rocket blasts off, We'll get there soon.

Let's fly to space, Off we race! To Jupiter or Mars, Or some other place.

Can you find the rhyming words in the poem above? Underline them in the poem.

Which lines have rhyming words in each stanza? Circle yes or no.

Line 1? Yes/No<br>Line 2? Yes/No<br>Line 3? Yes/No<br>Line 4? Yes/No
