## 4H Zoom Classes WEEK 3 TERM 4 2021

The Zoom meeting ID and passwords for this week are:

Class	Zoom Meeting ID		Zoom Meeting Password	
	Morning am	Afternoon pm	Morning am	Afternoon pm
4H	642 0734 7747	610 7354 9469	<b>519177</b>	<b>369197</b>

Each class will have a Zoom class in the morning and another, with different content, in the afternoon. Each session will be approximately 30-45 minutes as indicated. Students are expected to attend both the morning and afternoon session each day. The video conference room is like a classroom, and the same school behaviour and discipline policies apply to this environment. Students need to access Zoom via <https://nsweducation.zoom.us/> and are required to use their **DoE student portal login** to gain access. **The DoE user ID and DoE password will be the same as last term.**

Time	Class
9.30am	5T & 6B

### How students can access Zoom meetings in NSW public schools

#### Sign into Zoom with a desktop browser

1. Use a **modern browser** in Windows, MacOS or Linux.

2. Browse to the NSW DoE Zoom console at: <https://nsweducation.zoom.us>

3. Select **Sign in** at the bottom.

4. Login with your **department credentials**.

5. For first time users, **download and install** the Zoom desktop client when prompted.

6. Once signed in, **Zoom** will be ready for use!

#### Accessing Zoom using mobile apps

1. Download the Zoom app for your specific mobile device.

2. Once installed, open Zoom, tap **Sign In** then tap **SSO**.

3. Type **nsweducation** and tap **Continue**.

4. The **DoE log on screen** will appear. Sign in with your normal department credentials.

5. Once signed in, **Zoom** will be ready for use!

### Week 3 Zoom meeting reminder

**Morning Zoom meetings remain the same Monday – Friday (all inclusive)**

**Afternoon Zoom meetings Mon, Tues, Wed, Thurs**

**Friday afternoon**

**Your classroom Zoom meeting will be replaced with Footsteps Friday – a learn to dance program which will continue throughout term 4. Join by clicking on the link included in the Friday activities.**

# Week 3 Term 4 – Learning from Home

## Stage 2 Year 3 and 4

You may need help from a parent/carer and possibly resources from your teacher.

**Two activities have been selected for feedback. They are highlighted on the timetable. The feedback tasks will be shared via Seesaw. See the task for more details.**

## Spelling

- Ask a family member to **pre-test** you from the weekly spelling lists. If a family member can't help you, choose words that you find tricky.
- **Choose** up to 15 spelling words to create your personal list from the words that you spelt incorrectly in the pre-test.
- Complete the Core Word Find-a-Word. Words are taken from the Year 3 and Year 4 Core Lists.

# On TOP of SPAGHETTI

On top of spaghetti,  
all covered with cheese,  
I lost my poor meatball,  
when somebody sneezed.  
It rolled off the table  
and onto the floor  
and then my poor meatball,  
rolled right out the door!

It rolled in a garden  
and under a bush,  
now my poor meatball,  
was nothing but mush.  
The mush was as tasty,  
as tasty could be,  
early next summer,  
it grew into a tree.

The tree was all covered,  
with beautiful moss.  
It grew lovely meatballs,  
in a tomato sauce.  
So if you like spaghetti,  
all covered with cheese,  
hold on to your meatballs  
and DON'T EVER SNEEZE!  
A-A-A-CHOO !!

## Writing

# Mindfulness Monday

- Complete **two pages** (1 double spread) of your handwriting booklet.
- Remember to have your feet planted on the floor, your chair tucked in at a table and use a nice sharp pencil.

## Poetry Presentation: Due Friday

This week you will be writing a collection of poems. You will be asked to create a portfolio of your poems to share with the class as your Feedback Task. You have the choice of how you would like to present your poems.

### Poetry Book

Create your own poetry booklet to present your poems from Week 3 Writing. You can decorate and colour your booklet however you like!

### Digital Poetry Collection

Create a digital collection of your poems. Type/draw all your poems from Week 3 onto your chosen program. You may choose to use CANVA, PowerPoint or Seesaw etc..

### Bookmark poems

Create a collection of bookmarks with a poem written on each.

### Poetry Artwork

Illustrate your poems using pictures to match your writing.

### Video/ Slam Poetry

Ask a family member to record you reading/presenting your poems out loud. Practise using expression and body language to engage an audience.

### Poem in your Pocket

Use the template to create a poetry booklet, small enough to fit inside your pocket. Write your poems on the pages and then follow the video tutorial to help you fold your teeny- tiny booklet.

# MONDAY – Science

How can we group animals by their observable features?

In this lesson, **observable features** are things that you can see on the **external** (outside) part of an animal. For example, body coverings.

Below are some examples of Guess Who Animal clues. Can you guess the animal?

## What am I?

I have four legs.  
I am big and grey.  
I have a trunk.

## What am I?

I have four legs.  
I look like a horse.  
I have black and  
white stripes.

## Answers

Look at the animals below. Imagine you are one of these animals. Using your **observable features**, describe yourself giving clues. Write your clues on the following page.

See if someone can guess the animal based on your clues.

 Panther

 Raven

 Horse

 Snake

 Newt

 Pig

Write your clues below. Remember they must be observable features only.

In this lesson, **observable features** are things that you can see on the **external** (outside) part of an animal. For example, body coverings.

Today there are four spaceships travelling to Planet Zog. All these animals want to go. Sort these animals into four groups based on their observable features.

You can either cut out and stick the animals or draw them in your chosen group. Write what observable feature each group has in common. A maximum of four animals are allowed on each spaceship.

Ostrich

Duckling

Axolotl

Otter

Frog

Snake

Fish

Giraffe

Chameleon

Seal

Ladybird

Tortoise

Planet Zog has become a very popular place to live and astronauts are busy transporting animals to the planet daily.

Deciding which animals should go on each spaceship is a nightmare! To help the astronauts, scientists have told them to group the animals by their observable features.

Here is an example of how the astronauts have grouped six animals into two groups. Can you work out what each group has in common?

Scientists group animals with backbones (vertebrates) into five groups based on their observable features. Read the eBook to find out more about these 5 groups.

## Classifying animals

There are millions of different animals on earth.

Scientists group these animals according to their different features. This is called **classifying**.

Animals with backbones (vertebrates) are classified into five different groups.

Let's find out more about these different groups.

## Mammals

Mammals all have **hair or fur**.

Some mammals have lots of hair or fur.

Other mammals only have a little hair or fur.

Dolphins only have hair when they are young but they are still mammals.

## Amphibians

All amphibians have **smooth, moist skin**.

All amphibians are born with tails.

Some amphibians, such as salamanders and newts, keep their tails.

Other amphibians, such as frogs and toads, lose their tails.

## Birds

All birds have **feathers**, **wings** and a **beak**.

All birds have wings but not all of them can fly. These are called **flightless birds**.

## Reptiles

All reptiles have **scales**.

Reptile's scales are tough and dry. They protect the reptile's body.

## Fish

All fish have **scales** and **fins**.

Fish use their caudal fin (tail) to move them through the water.

They use their other fins to turn and stop.

Some animals are harder to classify than others ...

Using the scientific grouping system, regroup the animals wanting to go to Planet Zog into five groups.

One animal does not fit into any of these five groups.  
Can you work out which one it is?

# Writing

## Learning Intention:

- We are learning to understand the structure of free verse poetry
- We are learning to create a free verse poem using alliteration

## Success Criteria:

- I can understand the structure of free verse poetry
- I can write a free verse poem using alliteration

### What is Free Verse Poetry?

FREE VERSE is a kind of poetry that has no real rhythm or pattern, so you can put words together in all sorts of ways. You can be VERY imaginative!

### A few of my favourite things...

1. Open Seesaw (or use the space on the next two pages) and write/ draw/ 20 things that you love

- Use a mix of different fonts, colours, etc..
- Try to incorporate at least **two examples of alliteration** when you are writing  
e.g. the crystal, clear ocean

2. On the next slide (or in your book on the template) write your **top 10 things favourite from your list.**

3. Mix and match these things to create a poem titled 'These are a few of my favourite things.'

- Use at least two examples of alliteration in your poem
- You may add pictures and decorate your slide once you have written your poem.
- **This poem will be part of your Poetry Presentation**

These are a few of my favourite things...

## TUESDAY – Art

### Okuda San Miguel

Please post a photo of your artwork onto Seesaw so we can share with Mrs Plasto – she misses seeing your fabulous creations!

Okuda San Miguel is a Spanish painter and sculptor known for his distinctive style of colourful geometric patterns.

For your Okuda inspired artwork you will need to find a picture of a face that is looking straight at the camera. Make sure it is a reasonable size. I found many pictures of faces in the weekend papers.

When you have found a face cut it out, so no hair or ears are showing. Next cut your face in half and glue on half onto your paper.

Now draw the other side of the face and begin to divide it up into small triangles.

Add colour.

After you have coloured in all the triangles cut out the mouth and the eye from the other half of the face and glue it on. Now begin to add hair using line to create movement.

Add contour lines within each section of hair.

Add a neck and shoulders and again using line create texture and value, important elements of art.

You may wish to colour different sections of your artwork.

Correct the text using editing marks. There are 15 errors to find.

littering is a waste of naturel resources  
 many of the items left lieing on the ground  
 could be re-cycled or reused in some way.  
 If these items is not disposed of properly,  
 brand-new items must be made to replace  
 them? This means that more natural  
 materials must be procesed to make new  
 items. these resources will eventually run  
 out! It is more expensive too make new  
 items then to recycle or reuse old ones.  
 putting litter in the bin helps peeple save

## Writing

### Learning Intention:

- We are learning to understand the structure of free verse poetry
- We are learning to arrange words into a free verse poem

### Success Criteria:

- I can arrange words into a free verse poem
- I can use onomatopoeia in my poem

What is Free Verse Poetry?

FREE VERSE is a kind of poetry that has no real rhythm or pattern, so you can put words together in all sorts of ways. You can be VERY imaginative!

## Halloween Poem

1. Open Seesaw and click 'Halloween Free Verse Poem' activity or look at the example on the next page.
2. Brainstorm different ideas, sounds and thoughts about Halloween.
  - How does it feel?
  - What does it look like?
  - What sounds do you hear?
3. Use your brainstorm to write a Halloween inspired poem on the ghost template or if using Seesaw click and drag the Halloween inspired words on the next slide to create your own free verse poem. You can use the words on the slide and the ones you brainstormed.

- Include examples of onomatopoeia e.g., bang, crash, whizz
- Write a free verse Halloween inspired poem
- Decorate with your choice of images and/or drawings

### Onomatopoeia

Lighting crackles and thunder rumbles.

Sound words - a word that mimics the sound that it names.

**This poem will be part of your Poetry Presentation.**

## Halloween Sensory Poem

Halloween smells like the sweet scent of lollies wafting through the air

Halloween tastes like glistening, ghostly gum drops

Halloween looks like the eerie, dark depths of a haunted castle

Halloween sounds like pumpkins and witches, cackling in the dead of  
night- HA HA HA HA

Halloween looks like spine chilling darkness, ghostly ghouls and sinister  
creatures who dance in the night

# Revision: Fractions

## Level 1:

Finding a fraction of different amounts is like division. Look at this tray of 4 ice creams. We can see that  $\frac{1}{2}$  of this group is 2. This is the same as dividing 4 by 2.

$$4 \div 2 = 2$$

$$\frac{1}{2} \text{ of } 4 = 2$$

- 3 Look at these fraction pictures. They have been divided into groups to help you. Complete the boxes to show how division and fractions are related. The first one has been done for you.

$$\boxed{12} \div \boxed{4} = \boxed{3}$$

$$\frac{\boxed{1}}{\boxed{4}} \text{ of } \boxed{12} = \boxed{3}$$

$$\boxed{\phantom{00}} \div \boxed{4} = \boxed{\phantom{00}}$$

$$\frac{\boxed{1}}{\boxed{4}} \text{ of } \boxed{\phantom{00}} = \boxed{\phantom{00}}$$

$$\boxed{\phantom{00}} \div \boxed{8} = \boxed{\phantom{00}}$$

$$\frac{\boxed{1}}{\boxed{8}} \text{ of } \boxed{\phantom{00}} = \boxed{\phantom{00}}$$

- 4 Find  $\frac{1}{4}$  of these amounts:

$$\frac{1}{4} \text{ of } 24 = \boxed{\phantom{00}}$$

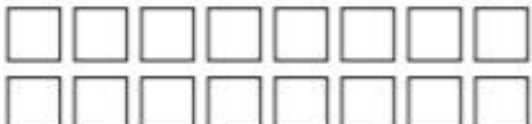

Level 2:

For a detailed explanation scan the QR code and watch the video.

5 Shade the fraction of these amounts:

a   $\frac{1}{4}$  of 8 = 2

b   $\frac{1}{2}$  of 16 = 8

6 Find these amounts. Use counters to help you.

b  $\frac{1}{4}$  of 12 =

c  $\frac{1}{3}$  of 9 =

d  $\frac{1}{5}$  of 15 =

e  $\frac{1}{8}$  of 16 =

f  $\frac{1}{4}$  of 20 =

For each sentence, underline the noun and circle the pronoun that it has been replaced with. Look at the example:

I tried to tie my laces, but they ended up looking like balls of spaghetti.

1. Hassan dislikes anything to do with music and drama almost as much as he dislikes running in PE.
2. He fished my cap from underneath the art trolley and plonked it back on my head.
3. I tried to balance my feathered cap on my head, but somehow it fell off and rolled under the art trolley.
4. I put my hands over my face to stop it twitching.
5. "Just a minor Velcro mishap. I'll sort you out, don't worry," said Hassan. He tugged at my costume for a while and patted my back reassuringly.

# Pronouns

I can choose nouns or pronouns appropriately for clarity and cohesion and to avoid repetition.

Put a circle around all of the **pronouns** in this box, underline all of the nouns and draw a box around the **possessive pronouns**.

hers	anxiously	Hassan	singing
stage	Ash	it	they
yours	them	classroom	mine

For each sentence, underline the noun and circle the pronoun that it has been replaced with.

- Hassan dislikes anything to do with music and drama almost as much as he dislikes running in PE.
- He fished my cap from underneath the art trolley and plonked it back on my head.
- I tried to balance my feathered cap on my head, but somehow it fell off and rolled under the art trolley.
- I put my hands over my face to stop it twitching.
- “Just a minor Velcro mishap. I’ll sort you out, don’t worry,” said Hassan. He tugged at my costume for a while and patted my back reassuringly.

Choose a colour for each character in this extract. Colour in the nouns and pronouns to show which person they are referring to.

*I saw Miss Underbridge give the thumbs up to Mr Rivers, who stood beside the sound system. He gave me a warm smile and suddenly, I just knew that I was going to let him down. The opening music started. The Merry Men leapt onto the stage and started to jig about. Janelle bounced from side to side with a huge grin on her face. At least she was enjoying herself.*

## Writing

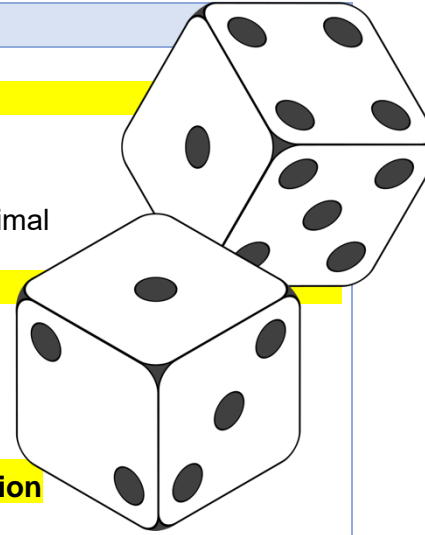

### Learning Intention:

- We are learning to understand the structure of free verse poetry
- We are learning to create a 'Just Roll Away' poem about an Australian animal

### Success Criteria:

- I can create a 'Just Roll Away' poem about an Australian animal
- I can use similes in my 'Just Roll Away' poem

- **This poem will be part of your Poetry Presentation**

To create a

**Just a Roll Away Poem:**

Have a 12 sided dice.  
Roll once to find out how many lines,  
For each new line roll the dice to see how many words your  
poem will have for each line

Below is an example poem and over the page are instructions to help you with the task.

### Example:

#### 7 lines

- First line – 5 words
- Second line – 3 words
- Third line – 10 words
- Fourth line- 7 words
- Fifth line- 4 words
- Sixth line- 8 words
- Seventh line- 2 words

#### Green Sea Turtle

Peacefully gliding in the water,  
splish, splash, splosh.  
A strong, teardrop shaped shell covers most of its body,  
ducking, diving, and nesting along the coastline.  
Eating all things vegetarian,  
its diet is as heathy as can be.  
Turtley Terrific.

**Your task:**

**Step 1**

- Choose an Australian animal.
- Brainstorm all you know about that animal. You can research some more information if you like.
- Describe what your animal looks like, how it moves, how it acts, what it eats, some adjectives that could be used to describe your animal...

**My Australian animal is \_\_\_\_\_**

**Your task:**

**Step 2**

- Roll a two 6-sided die/ scan the QR code to access digital dice.
- Roll once to find out how many lines will be in your poem.
- For each new line, roll the dice to see how many words your poem will have in each line.

**Step 3**

- Write your poem in the boxes below, remembering only to use the amount of words you rolled on the dice for each line.
- Use at least 1 simile in your poem. A simile compares things using like or as e.g., as slow as a snail

# Revision: Decimals & Fractions

## Level 1: Tenths

Scan the QR code to learn about decimal place value

All the squares below have been separated into ten equal parts. Each part is  $\frac{1}{10}$ . To write this as a decimal fraction you would write 0.1. For all the squares below, write the fraction shaded both as a fraction and a decimal fraction.

## Level 2: Hundredths Part 1

All the squares below have been separated into 100 equal parts. Each part is  $\frac{1}{100}$ . To write this as a decimal fraction you would write 0.01. For all the squares below, write the fraction shaded both as a fraction and a decimal fraction. The first one has been done for you.

Fraction:  $\frac{11}{100}$

Decimal: **0.11**

Challenge: Complete these equivalent fractions. You could use a tenth and hundredth square to help you. The first one is completed as an example.

1.  $\frac{10}{100} = \frac{1}{10}$

2.  $\frac{70}{100} = \frac{\square}{10}$

3.  $\frac{40}{100} = \frac{\square}{10}$

4.  $\frac{90}{100} = \frac{\square}{10}$

## Level 2: Hundredths

Each of the squares below is one whole. For each square, shade in the fraction or decimal fraction shown.

1. 0.43

2.  $\frac{27}{100}$

3.  $\frac{62}{100}$

Look at the squares below. Write the missing fraction or decimal to complete the calculation below each square.

$$\frac{28}{100} + \boxed{\phantom{00}} = 1 \text{ whole}$$

$$0.25 + \boxed{\phantom{00}} = 1 \text{ whole}$$

$$0.68 + \boxed{\phantom{00}} = 1 \text{ whole}$$

$$\frac{47}{100} + \boxed{\phantom{00}} = 1 \text{ whole}$$

Now complete the following calculations without the hundred squares.

8.  $0.85 + \boxed{\phantom{00}} = 1 \text{ whole}$

9.  $\frac{73}{100} + \boxed{\phantom{00}} = 1 \text{ whole}$

10.  $\frac{34}{100} + \boxed{\phantom{00}} = 1 \text{ whole}$

11.  $0.57 + \boxed{\phantom{00}} = 1 \text{ whole}$

### Nearest 10

### Nearest 100

**Practice Questions:  
Rounding to nearest 10, 100 & 1000**

Match the number, how the number is rounded and the number to which it is rounded. One has been done for you.

Top Tip: Start with the larger numbers first.

39	nearest 1000	3400
65	nearest 10	70
74	nearest 100	100
145	nearest 10	700
736	nearest 10	40
1902	nearest 100	1900
3419	nearest 100	10 000
9567	nearest 100	150

*Note: Arrows in the original image connect 39 to nearest 10, and 3400 to nearest 100.*

**Challenge**

Make your own for a friend to check. Some boxes have been completed or partly completed already. You need to include the arrows.

# THURSDAY – PDHPE

## Week 3 – Invasion Games

### Invasion Games activities to practice at home this week.

#### Activity 1 – Moving in Multiple Directions

Check with your parents or caregivers whether you can use chalk to draw a wavy line on the ground outside. Travel along this wavy line in different ways. Try jogging forwards, walking backwards or travelling sideways using sidestep.

Which was your favourite way of travelling?

---

Being able to move in multiple directions around the court or pitch is an important part of invasion games. This includes going forwards, backwards, to either side and to all diagonals.

Set up a cross shape with some cones or markers. Start on the central cone and move between each of the other cones alternating, always going back to the central cone in between, e.g. left, centre, up, centre, right, centre, etc. You must stay facing forwards throughout.

Get into a low body position and try to keep your feet facing forwards at all times.

#### Activity 2

Play this game with friends or family members. The players should stand roughly an equal distance apart, facing each other. Begin by throwing the ball between each of the players. If a player drops a catch they must go down on one knee. If they drop another catch, they go down on two knees and if they drop a third, they are out. The winner is the last one standing (or kneeling).

#### Activity 3 – Dribbling

Dribbling with the ball is one of the main skills needed for most invasion games. Do you know how a player moves with the ball in any of these invasion games?

Basketball

Netball

Hockey

Rugby

Football

Lacrosse

Can you invent a new way of dribbling or moving with the ball?

#### Activity 4 – Penalty Shoot out

The goalkeeper is one of the major positions on the pitch and also the most specialised (specific). In football, a goalkeeper must be able to kick the ball accurately, shuffle between the goalposts efficiently and have lightning-quick reflexes. Organise a penalty shootout with a friend or family member. Take it in turns to be the keeper and have five shots each. Top Tip: Try to make yourself look as big as possible in the goal.

## Activity 5 – Fitness Bingo

Look at the card below and try to complete some of the exercises.

### Extra Challenges

- ✓ Can you complete all exercises in one day?
- ✓ Can you pick two or three to do all in one go, with a short, ten-second break in-between each one?
- ✓ Can you complete all exercises in one session?
- ✓ Can you do each exercise more than once, with a short ten-second break in-between?

## Writing

### Learning Intention:

- We are learning to understand the structure of free verse poetry
- We are learning to write an 'I am poem'

### Success Criteria:

- I can write an 'I am poem'
- I can use language devices to make my poem exciting

An 'I am poem' is a personal poem.

To write an I am poem, you need to be ready to talk about yourself and who you are.

You might use language devices to describe yourself or to highlight your personal traits.

This poem will be part of your Poetry Presentation

### Example:

#### I Am Poem

I am caring and funny  
I wonder about the future  
I hear an inspirational voice in my head  
I see a great future for myself  
I want a big fish tank with tropical fish in it  
I am caring and funny  
I pretend that I can make the world a better place  
I feel happy  
I touch a trophy from a national championship  
I worry about my grades  
I cry about remembering the day my great grandma died  
I am caring and funny  
I understand the reason why we have to learn  
I say that practice makes perfect  
I dream about a world with no violence  
I try to keep my grades up in school  
I hope that I have a great future  
I am caring and funny

#### I Am Poem

I am risk taking and inventive  
wonder what my future will be like  
I hear the heart beat of a butterfly  
I see whatever lies before me  
I want to be a pro biker  
I am risk taking an inventive  
I pretend I'm in the X games  
I feel a breeze on my face  
I am risk taking and inventive.  
I understand life is complicated  
I say many things  
I dream about anything there is to  
I worry about my being paralyzed  
I cry in silence  
I try to be the best I can be  
I hope great things will come out of things I do  
I am risk taking and inventive

## Kahoot

In today's Zoom we will be doing a Kahoot that covers work from the whole of this week.

Topics covered:

Placing fractions and decimals on number lines

Comparing unit fractions

Rounding

**The link and game pin will be provided during the lesson. You will need to use your first name, first initial, and class as your username.**

Choose an activity from the ideas below or think of something that you enjoy doing.

Try to choose an activity that is away from the screen to give your eyes a rest.

<p><b>1 Imagine you're a reporter.</b> Can you write a news report from today? What is the major event you will write about?</p> 	<p><b>2 Interview someone</b> in your family about the world today, what will you ask? Write down their answers.</p> 	<p><b>3 Plant a seed!</b> Plants can save the earth! Can you plant a tree that will last for years?</p> 	<p><b>4 Clean up your patch of earth.</b> Go out for a walk in your area, collect litter that has been dropped and put in the bin. Don't forget a pair of gloves and a rubbish bag.</p>	<p><b>5 Quiz time!</b> Can you think of ten questions about the earth today? Try them out on someone! How many can they answer correctly?</p>
<p><b>1 Can you take the story from your favourite book and turn it into a short poem?</b></p> 	<p><b>2 Write a letter to your favourite author.</b> What will you tell them or ask them?</p> 	<p><b>3 Alternative ending.</b> Think of your favourite book and re-write the final chapter of it.</p> 	<p><b>4 Get creative!</b> Make your own bookmark to use when you read. How will you decorate it?</p> 	<p><b>5 Turn your favourite book into a comic strip.</b> Writing a story doesn't always have to be about the words!</p> 
<p><b>1 How many words can you write down that start with the same letter as your name?</b> Make a list of as many as you can.</p> 	<p><b>2 Alphabet bodies!</b> Stretch your body into different letters of the alphabet. Can you work with members of your family or even some of your toys to make a word?</p>	<p><b>3 Use this sentence opener to start writing a short story:</b>  "I'd waited such a long time for this moment..."</p> 	<p><b>4 Write a letter to your teacher or somebody who helps you at school.</b> How can you make them smile?</p> 	<p><b>5 Letter hunt.</b> Ask a family member to shout out a letter then run and find something beginning with that letter as quick as you can!</p>

### Level 2:

1. What fraction of each group is circled?

a.  $\frac{2}{8}$  out of  $\frac{8}{8}$  

b.  $\frac{3}{4}$  out of  $\frac{4}{4}$  

c.  $\frac{6}{8}$  out of  $\frac{8}{8}$  

d.  $\frac{5}{7}$  out of  $\frac{7}{7}$  

2. Circle the fraction shown:

a.  $\frac{6}{8}$  out of  $\frac{8}{8}$  

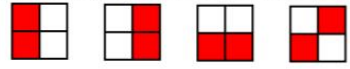

b.  $\frac{4}{6}$  out of  $\frac{6}{6}$  

c.  $\frac{3}{9}$  out of  $\frac{9}{9}$  

d.  $\frac{4}{12}$  out of  $\frac{12}{12}$  

### Level 3:

1. Show four different ways to color half of each square below.

2. Circle the shapes that are divided into thirds. Draw an X over the shapes that are not divided into thirds.

3. Two-fourths is **two** pieces of the whole.  
 Three-fifths is **three** pieces of the whole.  
 Seven-tenths is **seven** pieces of the whole.

4. Below, you see one-fourth of the marbles in Pat's bag. Add to the picture to show all the marbles in Pat's bag.

## Wednesday

### Level 1:

3 Look at these fraction pictures. They have been divided into groups to help you. Complete the boxes to show how division and fractions are related. The first one has been done for you.

4 Find  $\frac{1}{4}$  of these amounts:

$\frac{1}{4}$  of 24 = 6

### Level 2:

5 Shade the fraction of these amounts:

6 Find these amounts. Use counters to help you.

a How many sweets did I get if I was allowed  $\frac{1}{4}$  of 24? 6 sweets

b  $\frac{1}{3}$  of all the kids in my class have a pet dog. How many have a dog if there are 30 kids in my class? 10 kids

c  $\frac{1}{5}$  of all the kids in my class ate an apple at recess. How many apples were eaten if there were 30 kids in my class? 6 apples

7 Jackson loves to bake cookies. He is famous for his triple choc chip delights. Work out how many each person received if Jackson baked a batch of 24 triple choc chip delights.

a His best friend Hamish got  $\frac{1}{4}$ . Hamish got 6 triple choc chip delights.

b He gave  $\frac{1}{2}$  away to the teachers in the staff room.

The teachers got 12 triple choc chip delights.

### My Shadow By Robert Louis Stevenson **Answers**

1. Who is 'he' in the poem?  
*He' is the narrator's shadow.*
2. What do we call the device we use to give human characteristics to something that isn't human?  
*(c) personification*
3. How many rhyming couplets are there in the poem?  
*There are eight rhyming couplets in the poem.*
4. Use the text to help explain what a coward is. \*Clue: What does the shadow do?  
*A coward is someone who lacks courage or is scared.*
5. Who does the narrator mean when using the word 'nursie'?  
*The narrator means someone who takes care of a child, like a nanny or a babysitter.*
6. Does the language in the poem tell us that this is an old or modern poem? Give one example to back up your answer.  
*Various answers which suggest that the language is old rather than modern, e.g. words such as notion, arrant, ought and nursie tell us that this poem is old as these words aren't used very much today.*
7. In the final verse, why had the shadow 'stayed at home'?  
*(d) The sun wasn't up so the narrator wouldn't be able to see their shadow.*

#### Text 8 – France

France is a **country** on the continent of Europe. Did you know that **French people** love cheese? More than 350 types of cheese are made in **France**. One of the most famous is **blue** cheese. It is very smelly!

### Sheet B

#### Text 6 – Littering

Littering is a waste of **natural** resources. **Many** of the items left **lying** on the ground could be **recycled** or reused in some way.

If these items **are** not disposed of properly, brand-new items must be made to replace them. This means that more natural materials must be **processed** to make new items. **These** resources will eventually run out! It is more expensive **to** make new items **than** to recycle or reuse old ones. **Putting** litter in the bin helps **people** save money and conserve resources.

### Pronouns Answers

I can choose nouns or pronouns appropriately for clarity and cohesion and to avoid repetition.

Put a circle around all of the **pronouns** in this box. Underline all of the **nouns**.

me	crying	Ash	dominoes
costume	Hassan	it	they
yours	leggings	classroom	her
mine	them	singing	him

For each sentence, underline the noun and circle the pronoun that it has been replaced with. Look at the example:

I tried to tie my faces, but they ended up looking like balls of spaghetti.

- Hassan dislikes anything to do with music and drama almost as much as he dislikes running in PE.
- He fished my cap from underneath the art trolley and plonked it back on my head.
- I tried to balance my feathered cap on my head, but somehow it fell off and rolled under the art trolley.
- I put my hands over my face to stop it twitching.
- "Just a minor Velcro mishap. I'll sort you out, don't worry," said Hassan. He tugged at my costume for a while and patted my back reassuringly.

- "Just a minor Velcro mishap. I'll sort you out, don't worry," said Hassan. He tugged at my costume for a while and patted my back reassuringly.

Choose a colour for each character in this extract. Colour in the nouns and pronouns to show which person they are referring to.

*I saw Miss Underbridge give the thumbs up to Mr Rivers, who stood beside the sound system. He gave me a warm smile and suddenly, I just knew that I was going to let him down. The opening music started. The Merry Men leapt onto the stage and started to jig about. Janelle bounced from side to side with a huge grin on her face. At least she was enjoying herself.*
